HapPEE Urinal Mat

Continually eliminates bad smells and reduces the formation of uric scale build-up whilst enhancing the bio-degradation of organic matter in downstream effluent. The essential oil fragrance embedded in the plastic mat, has a constant release rate of the fragrance that will last 30 days.

- Fragrance is essential oil (ecofriendly)
- Lasts for at least 2,000 flushes (30 days).
- Reduces the formation of uric acid build-up.
- Eliminates malodours in urinals.
- Very effective at digesting uric acid.
- Contains 8 million micro-organisms per gram.
- Environmentally positive product making use of nature's cleaners (soil bacteria) put to work to rectify man-made problems.
- Solid oxygen increases the much needed carbonates to ensure optimal biological action for the effective degradation of organics by the Bacillus Subtilis (good bacteria).
- Contains especially selected fermentation extract to get the degradation process started.
- Contains no PCBs (polychlorinated biphenyls)
- Safe for users - simple to use - environmentally positive.

1 per urinal - replace every 30 days

Biological action will reduce the uric acid buildup in U-Trap, controlled release of fragrance will last 30 days.
